Association**

Join Us as We Celebrate 60 Years!

Compassion, Opportunity, Advocacy, and Inspiration for all Americans with Spinal Cord Injury or Disease

As your longtime neighbor in Jackson Heights, United Spinal Association has been a major advocate for making our homes and businesses fully accessible for everyone, especially those with mobility impairments from spinal cord injury or disease.

United Spinal has over 6,000 members, most of whom are negotiating life in a wheelchair, so we know what has to be done and we know how to do it. We helped write the landmark Americans With Disabilities Act and we've educated professionals and laymen around the country on complying with every variation on accessibility codes imaginable.

If you're considering a new construction project for any public or private facility you owe it to yourself or your client to discover more about what United Spinal can offer. Visit www.accessibility-services.com.

We also have an expert staff of wheelchair repair technicians and we sell all major makes and models of manual and power wheelchairs, as well as scooters, adaptive sports gear, and accessories. If you're looking for the finest in mobility equipment, visit Wheelchair Medic at www.wheelchairmedic.com.

These are only two of our many exciting programs and benefits. To find out more about our 60 years of experience empowering people with disabilities, please visit www.unitedspinal.org or call 718-803-3782.

Membership is free; the benefits are limitless
